# *Company Profile*

---

**Pure & Green LLC**, along with its parent company and partners, engages in R&D and production of botanical extracts, nutritional & cosmetic & pharmaceutical ingredients and products. Our company is dedicated to providing high quality products as well as timely, excellent customer services for our customers in nutraceutical, cosmetic, and pharmaceutical industries.

Pure & Green operates a sales and marketing office in New Jersey, USA and two warehouses in NJ/CA. We are closely partnering with a high-tech bioengineering factory in China, which was built up with state-of-the-art equipments and facilities according to GMP standards. The factory features most advanced extracting & synthesizing technologies and strict quality control in streamlined productions.

One of strengths for our company is that our China factory possesses about 2000 mu planting bases, which regularly grow green tea, polygonum cuspidatum, sarcandra glabra, pomegranate, etc. Therefore we can easily take control of raw materials in the first place to ensure sufficient supply and high product quality.

For years we have grown our business worldwide with a broad range of product lines. Besides these products we manufacture, we also distribute our partners' products such as sport, weight-loss ingredients, skin-care ingredients, sweeteners, intermediates, API, etc. We keep huge stocks in NJ/CA warehouses. All of our ingredients are manufactured and strict tested by factories with cGMP, ISO, HACCP, Kosher or other quality certifications.

The belief we hold is that we can only grow our business by being a trustable partner and bringing values to our customers in long term. In everything we do, we strive for honesty, fairness and integrity.

(15%-95% Fucoidan or  
1%-30% Fucoxanthin)

Apple extract

(30%, 80% phloridzin,  
80% polyphenol/5% phloridzin)

Tumeric Extract

(10%-95% curcumin HPLC)

Laminaria Japonica extract

(15%-95% Fucoidan or  
1%-30% Fucoxanthin)

Vinpocetine

(99% HPLC)

Hoodia extract 20:1  
(African genuine species)

Yohimbe extract

(2%, 8%, 98% yohimbine  
HPLC)

# Oil Products

## Bulk Nutritional Oils

- Almond Oil
- Apricot Kernel Oil
- Arnebia Oil (GLA 12%, STA 11%)
- Black Currant Oil (GLA 11%, 14% 15% & 16%)
- Borage Oil (GLA 18%, 20%, 22% & 24%)
- Camelia Oil (OA 78%)
- Echium Oil (Omega 3&6 + STA 12-14%)
- Evening Primrose Oil (GLA 9%, 9.5% & 10%)
- Flaxseed Oil (ALA 50%, 60%, 70%)
- Grape Seed Oil
- Green Tea Oil
- Perilla Seed Oil (ALA 60%)
- Pine Nut Oil (Pinolenic Acid)
- Pomegranate Seed Oil
- Pumpkin Seed Oil
- Rice Bran Oil
- Sea Buckthorn Oil
- Walnut Oil
- Wheat Germ Oil

## Organic Oil Product List

- Organic Borage Oil
- Organic Evening Primrose Oil
- Organic Flaxseed Oil
- Organic Pumpkin Oil
- Organic Perilla Oil
- Organic Pomegranate Oil
- Organic Sunflower Oil
- Organic Safflower Oil
- Organic Sea Buckthorn Oil
- Organic Wheat Germ Oil

## Oil Powder Product List

- Borage Oil Powder
- CLA Oil Powder
- Coconut Oil Powder
- Evening Primrose (EPO) Oil Powder
- Flax Oil Powder
- High Concentrate DHA Oil Powder
- MCT Oil Powder
- Odorless DHA Oil Powder
- Olive Oil Powder
- Palm Oil Powder
- Vitamin E Oil Powder (d-alpa)
- Vit E Oil Powder (mixed tocopherol)

# SKIN CARE PRODUCTS

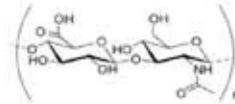

## Collagen

Collagen is a group of naturally occurring proteins found in animals, especially in the flesh and connective tissues of mammals. In muscle tissue, it serves as a major component of the endomysium. Gelatin, which is used in food and industry, is collagen that has been irreversibly hydrolyzed.

## Hyaluronate Acid

Hyaluronic Acid is a high molecular weight polysaccharide with D-glucuronic acid and N-acetyl L-glucosamine as repeating structure unit. Strong hydrophilic properties exist due to the large amount of hydroxyl groups. With strong water retention, it can prevent skin from aging and wrinkling and improve the appearance and tactile sensation of skin.

## Gamma-poly-glutamic acid ( $\gamma$ -PGA)

$\gamma$ -PGA is an all natural, multi-functional, biodegradable biopolymer produced from L-glutamic acid through a fermentation process with a *Bacillus subtilis* sp.

$\gamma$ -PGA has a molecular weight ranging from about 10,000 up to 2 millions, can be produced to meet the requirement of different applications.

$\gamma$ -PGA is a food grade product, which can be used as a diet fiber in health food supplement, a thick-

# **Sport Nutrition Ingredients & Weight Loss Ingredient**

**3,3'-Diindolymethane**

**5,7-Dojudrpxu-4'-methoxyisoflavone**

**5-Methyl-7-methoxyisoflavone**

**Biochanin A**

**Chrysin**

**DHEA**

**Evodiamine 98%**

**Formononetin**

**Gamma-Butyrobetaine Hydrochloride**

**Halostachine Hydrochloride**

**Hordenine Hydrochloride**

**Indole-3-Carbinol**

**Ipriflavone**

**Melatonin**

**N-Methyltyramine Hydrochloride**

**Octopamine Hydrochloride**

**Raspberry Ketone**

**Resveratrol 98% (Synthetic)**

**Rutaecarpine 98%**

**Synephrie Hydrochloride (Tartrate)**
